Location of ET Computrainer Studio

Using Google Maps and 'spokes wheaton' will get you directions to the area. Then see below comments and the map on page 2 for more detail…

Notes:

- ***We are in the back warehouse of Spokes!!*** Not the front retail section. You must turn East at the Shell station on Naperville Rd just north of Butterfield into the back alley behind the retail center. See the white 'right turn' arrow on the screen shot below.
- Go down the back alley of the shopping center. At the end of alley, take a sharp right turn. Park along that first back wall or in the parking slots along the back of the center.
- See white arrow below for the entry door location. There are three basic grey door along that wall. The ET CT Studio is the 'middle' door.
